**Extended Repayment:** You can choose this option if none of your student loans were made before October 7, 1998, and if you owe more than \$30,000 in federal student loans. You can extend your repayment up to 25 years, but this will increase the amount of interest you will pay. This is an alternative repayment plan, which can lower your payments without a consolidation.

By signing this form, I authorize The Student Loan People to change my current repayment plan to the Extended Repayment Plan indicated above.
